

## Hear My Talk

### **My Talks in the next few months**

For groups, dates, times, and locations, you may email me at [argrim17@verizon.net](mailto:argrim17@verizon.net) or call me at 215-257-3927

For classes in Handwriting Analysis 101, see below.

### **Need a Speaker?**

Handwriting analysis can be applied in every area of life where human behavior is especially important. You might need deep insights into yourself, your friends, your family, or a stranger you must confront. It could be in a business or other organization setting, such as picking an employee or weighing a partnership. It might be a private one, such as a person looking for a long relationship. I am available to any group to show it the uses of handwriting analysis in critical areas of life where decisions about individuals need to be made.

The talk will also explain what handwriting analysis is and why it should be considered a serious technique for revealing personality traits. My base fee is \$75.00, with the actual fee varying with the type of group. If it's primarily charitable or civic-minded, my fee is usually minimal or might even be waived in the right circumstances. When the group is business or educational, my fee is likely to be substantially higher. How much it will be is for discussion.

## ***Take a Class in Handwriting Analysis***

I used to teach a course in Handwriting Analysis 101 at various adult evening schools throughout the region. But the Pennsylvania legislature passed laws imposing additional background checks and costs for anyone teaching in a public school even though no student under age 18 would be in the class. I have retired from all of that.

I am willing to teach a special class for you (like a tutor) or a group where we can all agree on the cost, times, and location.
